Employer information	<p>UHB is one of the largest teaching hospital trusts in England, serving a regional, national, and international population.</p> <p>Our multiple sites, Birmingham Heartlands Hospital, the Queen Elizabeth Hospital Birmingham, Solihull Hospital and Community Services, Good Hope Hospital in Sutton Coldfield and Birmingham Chest Clinic allow people to be</p>

treated as close to home as possible.

We see and treat more than 2.2 million people every year across our sites and our hospitals deliver more babies than anywhere else in Europe.

We are a regional centre for cancer, bone marrow transplants, trauma, renal dialysis, burns and plastics, HIV and AIDS, as well as respiratory conditions like cystic fibrosis; thoracic surgery and have the largest solid organ transplantation programme in Europe.

We provide a series of highly specialist cardiac, liver and neurosurgery services to patients from across the UK.

We are world-renowned for our trauma care and have developed pioneering surgical techniques in the management of ballistic and blast injuries, including bespoke surgical solutions for previously unseen injuries. We are a designated a Level 1 Trauma Centre and host of the UK's only £20m National Institute for Health Research (NIHR) Surgical Reconstruction and Microbiology Research Centre (SRMRC).

We have over 20,000 members of staff and we are committed to investing in their development and their health and wellbeing.

It is important to note that this description is a typical example of your placement and may be subject to change.
